

2011 Conference

The 2011 Conference will be held on 4/5/6 January 2011 at the Oxford University Examination Halls.

Programme details will follow in September 2010.

Tickets for 2008, 2009 and 2010 were sold out by the end of November, so we would encourage you to book early if you are planning to come to Oxford 2011.

The themes for 2010 will focus on the domestic and political landscape, population and world food and OFC research will explore: 'What is British Farming worth?'
